HEAVY LOSS TO RUSSIANS

THOUSAND KILLED OR WOUNDED IN ATTACK

**On Montien Pass by General
Keller July 17—Germans Pro-
test Against Seizure of Mails
by Russian War Vessel.**

St. Petersburg, July 18.—General Kuro-patkin reports that Lieutenant General Count Keller lost over a thousand in killed or wounded in the attack on Montien pass July 17.

Kuropatkin's report of the battle of July 17 was given out at night. The report gives in detail disposition of troops to dis-cover the strength of the enemy in the passes of Sialkoo, Wafankwan, Sinkin, Lakho and Papau as well as at Sybey pass. Advance against Lianshankwan was decided upon. The left column of the expeditionary force, consisting of three battalions, was dispatched toward Sybey pass. The center column under Kashatalinsky, fourteen battalions with twelve guns, was destined to attack Sialkoo pass, the heights surrounded by the temple and Wafankwan pass. The right column, one battalion, was occupying points where roads leading to Sinkin and Lakho passes cross in order to cover Kashatalinsky's right flank. The general reserve was left at Ikhavuen.

During the night of the 16th the Japanese had evacuated Sialkoo pass and the heights surrounded by the temple, leaving only outposts there. At dawn Kashatalinsky's column occupied these passes, driving back Japanese posts.

At 5:30 the morning of July 17 Japanese in considerable strength and with numerous guns occupied Wafankwan pass and the mountainous bluffs south on Kashatalinsky's flank. From this position and from the crest of the mountains east the enemy directed a heavy rifle and artillery fire. Kashatalinsky advanced to occupy the bluffs, but failed.

At eight Keller, who was directing the fight around Ikhavuen, sent three battalions to Kashatalinsky's assistance. Reinforcements from reserves were also sent to the fighting line, but mountain positions held by Russians became untenable. Keller found strength of the enemy as great as he decided not to continue the fight and at 10:30 withdrew to positions originally occupied in Yanze pass.

Toward midday an offensive movement by the enemy in the direction of the right flank of the Yanze pass position developed and at the same time a Japanese mountain battery was brought into position in the village of Troudia Putz, two and a half miles south of Ikhavuen. After thirty-four shots had been fired from the third battery of the third brigade, which held the saddle south of Yanze pass, the Japanese were silenced.

The fight ceased at 3 p. m. and troops returned to Ikhavuen. The Japanese advance was stopped above the valley of the Yanze river. Russian losses are not exactly ascertained, but Keller reports they exceed one thousand.

A PROTEST.
Berlin, July 18.—The German government has entered a protest against seizure of mails of the North German Lloyd steamer Prinz Heinrich by the Russian volunteer fleet steamer Smolensk July 15, asking disavowal of the action and return of the captured mail.

Aden, Arabia, July 18.—The British steamer Persia was forcibly detained for an hour in the Red sea by the Russian volunteer steamer Smolensk, which transferred to the Persia a portion of the Japanese mails seized on the North German Lloyd steamer Prinz Heinrich July 15. The Smolensk confiscated two bags of the Heinrich's mail destined for Nagasaki.

WAR REPORTS.
Tokio, July 18.—General Kuroki reports two divisions of the Russian army made a desperate assault on Maotien pass at dawn July 17, but were repulsed. Casualties are not stated.

The Japanese torpedo boat, destroyer Hayator, has captured a junk conveying mail from Port Arthur to Chefoo. Letters and telegrams with military and naval communications at Port Arthur have been seized.

Yan Tsai, July 18.—The steamer Fujing, sent from New Chwang, reports on July 16 a Japanese army was within fifteen miles of that city. Officers of the gun boat Savannah saddled horses ready to escape upon approach of the Japanese.

Chefoo, July 18.—There has been no news from Port Arthur recently, but belief that assault will be made this week is growing.

London, July 19.—The Mail's Aden correspondent says the British steamers Woodcock and Dalmatia were held up by Russians in the Red sea and detained three hours.

The correspondent says the captain of the Russian volunteer fleet steamer St. Petersburg has notified British residents at Aden to wire British consuls at Suez and Port Said that he would seize any British steamers bound for the far east if the contents of their packages are not clearly shown on their manifests according to international law.

The Mail's St. Petersburg correspondent says two more steamers of the Russian volunteer fleet now at Odessa received confidential orders to leave this week for

TO MAKE ONE MORE EFFORT

TO SETTLE STRIKE BY AR- BITRATION.

**President Donnelly Asks for
Another Conference With
Strikers—If This Fails Allied
Trades Will Be Called Out.**

Chicago, July 18.—One more effort will be made to settle the stock yards strike by arbitration. To-morrow President Donnelly of the striking union will send to the packers another letter asking for a conference. Donnelly will go over the history of the strike and ask the packers if in their judgment it will not be better to concede the one point in contention—employment of all strikers—than continue the strike. If this offer is rejected by the packers, Donnelly declared to night, the allied trades at the stock yards, numbering 13,000, will be called out to-morrow. The strikers' union notified the packers this afternoon unless there is speedy settlement of the strike they will be compelled to call out work.

According to representatives of the packers, operating forces at the plants to day were about one-half the normal strength. All plants, it was claimed, did a great deal of killing and there was also a decided increase in the amount of dressed meats shipped out of the city. From the strikers' side came the statement independent plants are doing all the work and big plants are not doing the work.

Chicago, July 18.—Slugged into insensibility early to day by a dozen men and left for dead on the tracks of the Ashland avenue trolley line at West Forty-seventh street, Anton Bertuslavsky, an employee of the Swift plant, is dying at the county hospital. His injuries, in the opinion of Inspector Hunt, were inflicted by strike sympathizers and wheels of a trolley car. The men, according to a witness who had talked to the police, set upon Bertuslavsky as he was going home from work and when he could not make him join the strikers they broke his skull, fractured his jaw, kicked him about the face and head and body and then threw him upon the car tracks. The motorman of a car approaching not long afterward saw the body in time to stop the car, but not before the wheels had crushed his shoulder.

AT ST. PAUL.
St. Paul, July 18.—Strikers to day allowed all women employees of Swift's office to enter the yards and about twenty men office employees were admitted. Mayor Lytle of South St. Paul addressed the strikers and advised against interference with business of the company. Sheriff Grism advised the governor of the situation regarding the blockade.

The next step in the strike situation will doubtless be an injunction to prevent strikers from picketing the Swift plant. The governor, it is said, informed a committee of merchants and jobbers who called on him to day that he would not act until all other means had failed to disperse the strikers and intimidated an appeal to the courts was one of the "means" which had not been tried. It is understood from reliable authority the United States court will be appealed to for an order dispersing the strikers. Meanwhile things inside the Swift plant remain quiet in anticipation of a probable court injunction. Some cattle are being received and some packing done, but not anywhere near the capacity of the plant.

St. Louis, July 18.—Effect of the injunction issued at Belleville, Ill., restraining butchers from interfering with operation of East St. Louis packing houses or non-union men has intensified the situation. Strikers believe the packers are determined to open the plants and have increased pickets.

New York, July 18.—Work at abattoirs and packing houses on the east side was almost completely suspended to day. Nearly every kosher butcher shop was closed. Samuel Gompers has arrived here to-day on almost all grades of beef as a result of the strike of meat cutters in the west. The increase has reached a prohibitive state for meat consumers.

Kansas City, July 18.—Packers to day began to ship liberally. It is asserted a big addition to their force was made over Sunday and the output increased. Receipts are almost normal.

St. Joseph, Mo., July 18.—There was a noticeable feeling of unrest to day among striking packing house employees, although no serious disturbance occurred. A number of non-unionists were taken into Swift's.

Omaha, July 18.—Packers report conditions much better since the strike began. All is quiet.

AGREE ON AMALGAMATION.
Cleveland, July 18.—The two factions of window glass workers to day formally agreed upon amalgamation and Tuesday will meet as one body. Articles of federation will then be drawn up. The new organization will be known as the Amalgamated Window Glass Workers of America.

BLOWN TO PIECES.
Lima, Ohio, July 18.—William H. Seigel, aged 30, together with his team of horses and a wagon, were blown to atoms by the explosion of glycerine to day. Only pieces of flesh were found of the man and the horses, while a big hole marks the spot where the explosion occurred. Seigel was unloading "empties" when the explosion occurred.

RUPTURE CERTAIN

Difference Between France and the Vatican Becomes Serious

—Pope Is Firm.

Rome, July 18.—From the highest source it is learned the Vatican's view of the situation between the holy see and France is the pope regards dissolution of the concordat by France as absolutely certain. The pretext is that the holy see, before the visit of President Loubet to Rome, called on Bishop Geay of Laval to resign. He refused and was summoned to Rome to answer the gravest charges. The bishop appealed to the French government, which claimed the holy see was infringing the concordat, but as the bishop had not been published Foreign Minister Delcasse acknowledged the Vatican was in its rights. The pontiff firmly decided to proceed with the case of the bishop, who, if not in Rome on the 28th instant, will be suspended.

NEW RAILROAD.
Springfield, July 18.—The Danville & Northern Railroad company was incorporated to day. The principal office will be at Danville; capital stock for the present, \$25,000. It is proposed to build a road from the southern line of Vermillion county to the northern line of Will county. The incorporators and first board of directors are L. E. Fisher, George T. Buckingham, W. V. Dymart, Robert Parks and George Fisher, all of Danville.

THE LAND RUSH.
Yankton, S. D., July 18.—The gigantic land rush at Yankton develops into almost a stampede. Thirty-three thousand had registered up to closing to night. The day's record was 5,566 and that will be exceeded to-morrow. The crush in the city and on trains is indescribable. Railroad officials say they have more than they can possibly haul to Yankton. Lines of people were still two blocks long at the closing time to day. Hundreds will stay up all night to be early in line. Notarises work all night.

THE ELKS
Grand Opening of Meeting Last Night Consisted of Fireworks.

Cincinnati, July 18.—Registration for the meeting of the grand lodge and reunion of Elks reached 15,000 to night, while railroads were bringing in special trains and expecting their greatest influx to-morrow. The grand opening to night consisted in elaborate fireworks on both sides of the Ohio river for a distance of twelve miles. It is estimated over 100,000 people witnessed the scenes along the river.

The grand lodge opens to-morrow morning at 10 o'clock. There is a hard fight being made by the field against what is known as the "administration slate." O'Brien, of Baltimore, for grand exalted ruler, and Robinson, of Dubuque, for secretary, are still favorites as so-called administration candidates, but the election of no one seems assured.

SCOTT COUNTY
REPUBLICANS
Nominated County Ticket at Convention Held in Winchester Monday.

Scott county Republicans met at the court house in Winchester Monday and nominated the following ticket:

For circuit clerk—Don Farrington.
For coroner—John Teehan.
For commissioner—Richard Van-nier.

No nominations were made for state's attorney and surveyor, and the county committee was instructed to fill these vacancies.

Hon. Henry Miner presided as chairman of the convention and H. A. Davis acted as secretary. The gathering was a most harmonious one and the resolutions endorsed the state and national administrations, the United States senators and the state ticket as nominated at the recent Republican convention.

TWO KILLED BY LIGHTNING.
Memphis, Tenn., July 18.—Asbury Jamison and Harry Edwards were killed during an electrical storm yesterday. Three negroes were also injured. All stopped at a blacksmith shop to get out of the rain, and the building was struck by lightning. One of the negroes was a woman who had a silver chain about her neck. The chain was melted, but her injuries were not serious.

REMEMBERED FRIEND.
San Francisco, July 18.—The will of Miss Bertha Marion Dolbeer, whose tragic death at the Waldorf-Astoria hotel, New York, occurred last week, was filed for probate. Most of her estate, valued at nearly \$2,000,000, is given to her friend, Etta Marion Warren. About \$125,000 is given to other friends and relatives and \$30,000 to charitable institutions.

LETTER OF ACCEPTANCE

TO BE THE ONLY TALK BY PRESIDENT

**No Political Speeches Will Be
Made During Campaign—At-
torney General Knox and Ex-
Secretary Root Callers.**

Oyster Bay, July 18.—Former Attorney General Knox called at Singamora hill to day on invitation of President Roosevelt, who desired to consult him regarding some important matters relating to the campaign and governmental affairs. The president will deliver no political speeches during the campaign, containing himself with the statement of his position and results achieved in his administration in his letter of acceptance.

The president to day received a committee representing the International Federation of Musicians, members desiring to file with him a protest against admission to the United States from foreign countries of musicians who come here under contract. The president promised to take the subject up with Secretary Metcalf of the department of commerce and labor.

Former Secretary of War Root is an overnight guest of President Roosevelt at Singamora hill. Root declined to make any comment upon the subject of his visit, but it is known he came to confer with Roosevelt regarding the speech the president will deliver next week at the time of his notification.

VICTORY FOR SHIPPERS

Won Over Railroads in Relation to Uniform Bill of Lading.

Chicago, July 18.—Shippers, according to the Record-Herald, have won a victory over railroads in relation to a uniform bill of lading. While it has not yet been generally promulgated officers of eastern railroads have agreed to waive the signature feature of the new bill, which was the bone of contention between transportation companies and shippers. The railroad companies desired to establish a bill of lading that would have some semblance to a contract binding a shipper to turn his traffic over to the railroad and abide by the rates. The effect was practically to guarantee the road against losses. Failing to reach an agreement the shippers threatened to carry the fight before the interstate commerce commission.

HOT WEATHER REPORTS

Hammond, Ind., July 18.—Two prostrations from heat, both fatal, were reported here to night. Fred Smolensk, 8 years old, succumbed while playing ball in the street. Henry McKnight, aged 13, was prostrated while crossing a field. Several horses dropped dead.

Springfield, July 18.—The temperature to day was 92 to 96. There is considerable suffering among members of the Seventh Infantry in camp here. Second Lieutenant Callahan, Company E, was prostrated.

Detroit, July 18.—A number of cases of heat prostration were reported here to day. The case of A. L. Smith, a well known contractor, resulted fatally. The maximum temperature was 95.

Milwaukee, July 18.—Otto A. Menges, a Milwaukee architect, died at Fredonia, Wis., from sunstroke, and an unknown peddler died in this city after being overcome by the heat.

Bonesteel, S. D., July 18.—Forty-four hundred persons registered at Bonesteel and Fairfax land offices to day. The line to night contains one thousand persons who are waiting for opening of the land office Tuesday morning.

Marquette, Mich., July 18.—To day was the hottest in Marquette for July in many years. The government mark was 94, but at the street level more than 100 degrees was recorded.

Omaha, July 18.—Two deaths and another serious prostration occurred to day. Temperature, 97. At Lincoln the heat reached 94. Other points report the hottest day of the year.

Cleveland, July 18.—One death and four prostrations were reported up to midnight as a result of the heat to day.

Chicago, July 18.—While the mercury only reached 92 to day, two less than yesterday, the number of prostrations was greater. There were six deaths during the day and twenty prostrations. Hot weather is expected to last for a day or two longer.

HIBERNIANS MEET TO DAY.
St. Louis, July 18.—The national convention of the Ancient Order of Hibernians and ladies' auxiliary of that organization will meet here to-morrow. Twenty thousand members are expected.

FRANCHISE FORFEITED.
Peoria, July 18.—Local capitalists are almost certain to make arrangements to take up the Peoria franchise in the Central league, which was forfeited to day.

IOWA DEMOCRATS

Temporary Chairman Elected to Take Place of A. W. Max- well Who Bolted Ticket.

Iowa City, Iowa, July 18.—The Democratic state convention met here to day to take action regarding the state convention to-morrow. The announcement that A. W. Maxwell, who had been selected by the convention in Des Moines in May to be state chairman, had bolted the ticket cleared up matters in regard to the chairmanship. He had never been recognized as chairman and it was the intention to introduce a resolution in the coming convention rescinding the action of the former convention in electing Maxwell. The committee selected M. J. Stinger as temporary chairman for the convention to-morrow.

Although the unexpected resignation of A. W. Maxwell from the state committee spoiled one fight in to-morrow's Democratic state convention, another and larger fight has come up to take its place. Anti-Insular Democrats have now turned their guns on Charles A. Walsh, member of the Democratic national committee for Iowa, and it is proposed to night to oust him from the state committee. Having forced out Chairman Maxwell, who was elected to that position by the Insular majority in the state convention, the conservatives are now determined to humiliate and discredit Walsh, who was also a Insular leader in the recent fight in Iowa. Conservatives are clearly in control of the situation and Maxwell's resignation demoralized the Insular forces.

Various places on the ticket were to day tendered one man after another, only to meet with refusal.

DEMOURNE PEABODY

Illinois Miners Protest Against Treatment of Co-laborers in Colorado.

Springfield, July 18.—Two thousand miners of the Springfield subdistrict to day held a mass meeting and adopted resolutions denouncing what they termed the unwarranted use of military power by Governor Peabody of Colorado and asking the president to interfere in the Colorado strike.

Spring Valley, July 18.—Five thousand miners from various points in this vicinity took part to day in a demonstration denunciating Governor Peabody of Colorado. Ten thousand persons were present. Resolutions were passed requesting President Roosevelt to interfere in the Colorado miners' strike.

PROFESSOR ROBERTS DEAD.
London, July 18.—Prof. Isaac Roberts, the distinguished astronomer, died to day at the Beacon observatory at Crowborough, Sussex. Dr. Roberts' original investigations in the domain of astronomy have added largely to the world's knowledge of the stars, clusters, nebulae and the structure of the universe. He also made a study of geology and up to 1880 pursued his scientific investigations at Liverpool. On leaving that city he was presented with an illuminated address signed by the mayor.

JEALOUS MAN'S CRIME.
Des Moines, July 18.—Tollin Anderson, a wealthy retired farmer, at Linn Grove, Buena Vista county, this afternoon shot his wife through the head, killing her instantly, and then sent a bullet through his own head. The shooting was done in the presence of a daughter. Anderson had been insanely jealous of his wife, who left him some days ago. Her refusal to return to live with him precipitated the tragedy.

DEATHS.
San Francisco, July 18.—Henry O. Crocker, millionaire and brother of the late Charles Crocker, railroad magnate, is dead, aged 72. He was one of the builders of the Central Pacific road.

Burlington, Iowa, July 18.—J. H. Dugan, aged 62, a retired officer of the Burlington railroad, died to day of apoplexy, held to be superinduced by heat.

WILL NOMINATE FOLK.
Jefferson City, Mo., July 18.—The nomination of Joseph F. Folk, of St. Louis, for governor by the Democratic state convention is accepted as a fact to night. The only indication of a fight to night is the possibility of arbitrary gavel methods by the Folk element. If this is attempted the opposition say there will be a bitter fight on the floor of the convention. The state central committee to night selected W. D. Vandiver, of Cape Girardeau, for temporary chairman, and John H. Burnes, of Jefferson county, secretary.

A NEW RECORD.
New York, July 18.—Alfred G. Vanderbilt's sixty-horse power automobile, driven by Paul Sartori, to day established a new world's record for twenty miles, going the distance in 19:37.3-5. The former record was 25:25-5.

DEMOCRATIC CONFERENCE

BEING HELD IN NEW YORK CITY

**Discuss Plans for Campaign and
Choice of Chairman of National
Committee—Taggart Called
to New York.**

New York, July 18.—Henry G. Davis, vice presidential nominee, and National Committeeman Head of Tennessee were the first out of town Democratic leaders to appear to day for conference on campaign plans and choice of chairman of the national committee.

Wm. F. Sheehy, a close friend of Parker, regarded as a first choice, has declared himself unable to undergo the severe strain the management of the campaign would involve. Senator Gorman is urged, but he is quoted as favoring a younger man.

TAGGART GOES TO NEW YORK.
Indianapolis, July 18.—National Committeeman Thomas Taggart left French Lick, Springs for New York city in response to a telegram from John W. Kern asking him to come at once. Kern spent the previous night with Judge Parker.

At the close of the conference of Vice Presidential Candidate Davis and Democratic leaders from various parts of the country to night a statement was given out to the effect that the chairmanship of the national committee was not discussed. Privately it was said the judgment of all present was the interest of the party would be best conserved by leaving the committee absolutely free to elect its chairman. Parker was said to favor this course. The conference resulted in an agreement to call the national committee together in New York July 26, fixing the time and place for notification of candidates for president and vice president was left to the candidates themselves. Discussion of prospects in the coming campaign was general in character. The opinion was expressed by several that western Democrats would give earnest support to the ticket and no fear of factional opposition need be entertained.

FATAL DUEL AT PEORIA.
Peoria, July 18.—As a result of injuries received in a duel fought at midnight in a lonely spot one mile from the city limits William Freeman and Samuel Slater, two local mechanics, are dying in the Cottage hospital. The duel was fought over Freeman's wife and the woman was the only witness of the moonlight encounter. Freeman was armed with a revolver and Slater with a knife. The former bears four teen cuts, any one of which, the physicians say, may prove fatal. Slater has a bullet in his abdomen and other injuries. After the two men had fallen unconscious in the road, Mrs. Freeman notified the police.

DROWNED.
Ludington, Mich., July 18.—George, 18-year-old son of Attorney George Dawson, of Chicago, was drowned in Bass lake this afternoon while sailing in a frail craft of his own construction.

NEW TWO-STEP ARE INTRODUCED

Dancing Masters Association Have Launched the "Litchfield" and "Looking Backward."

The "Litchfield" and "Looking Backward" are two new two-step dances which will be featured at hops and parties this year. The dances of the International Association of Dancing Masters have any force. The distinguishing feature of the "Looking Backward" is that it is danced with the head looking over the left shoulder, as if trying to get a glimpse of the new moon.

Besides introducing these new dances the recent convention set its members resolutely to work to reform the waltz, which they declare has degenerated into a vulgar and inartistic scramble, worthy of Coney Island and North Beach, and to make it once more the delight to the eye which it was before the introduction of the "ping-pong" and the half-time steps.

Professor Meyer Frost, vice-president of the International Association of Dancing Masters, is named by it as a member of the committee which is trying to consolidate all the dancing masters of the United States, gives the following explanation of how to dance the new dances:

The "Litchfield," which was created by J. G. Peckley, of New Canaan, Conn., starts with an open military position. To dance it point the left foot front, then point it back, (one bar). Two-step forward counting one and two, and beginning with the left foot. Repeat these two movements with the right foot, then take a waltz position and chasser to left, two counts. Then chasser to left, one count, step left foot, then turn.

HEAD INCLINES OVER SHOULDER. "Repeat the waltz movement with the left foot, and take up side position, make two walking steps, gentleman forward on his left foot, lady backward on right foot. Redown turn and make two walking steps, gentleman backward on right foot, lady forward on left foot. Redown turn and two-step four bars.

"The 'Looking Backward' two-step is danced with the head looking over one shoulder. To dance it take open position, forward four steps with left foot, then turn and walk backward four steps. Then turn four half-turns and two-step.

"The Belle Schottische, by James R. Beauman, of Albany, which will be particularly graceful for children, is danced as follows:

TRACEABLE TO CAKE WALK. "Take open position, facing line of direction, step on left point right, step on right turn, walk back two steps and repeat backward; face partners, step to left, John right hands, point right foot and pose; step to right, change hands and point left foot; waltz position, two steps, eight counts.

"These new dances are all three very graceful and artistic," continued Professor Frost, "but the main feature of the convention was the determination to put a stop to all the vulgar and inartistic horrors that are being perpetrated in the name of the waltz. People must give up the half-time and 'ping-pong' movements and go back to the good old waltz. All the present modifications of the waltz are directly traceable to the cake-walk."

GAVE AN EXAMPLE. "They differ from one another only in the degree of grotesqueness of their positions. They originated at Coney Island and North Beach, and college boys and irresponsible young men who found them easy to learn are responsible for their popularity. No reputable teacher has ever taught them, for dancing masters are

agreed that nothing could be more vulgar than the poses with which these fads have been made fashionable. "The other evening at my dancing class, I suddenly placed my arm around the neck of one of my girl pupils. She screamed and jumped back. Then I turned to my class. 'Now,' I said, 'you see how a girl resents a thing like that; if there is no music. The people seem to think that the music makes everything all right.'"

"KING" MCGREVEY.

Bloomington Pantagraph: There is much that is pathetic in the passing of "King" McGreevy, for many years the idol of the base ball enthusiasts of Bloomington. After six years' service with the local team and with a diamond experience perhaps twice as lengthy, he retires, probably permanently. The career of a ball player is very similar to that of an actor, and the ascendancy from humble position to that of a star and the inevitable decline and extinguishment has perhaps its parallel only on the ball field. McGreevy may have had his faults, like all else human. He has, however, long been a part of the blooming association in all its varying degrees of success and failure. With pennant winners and tail enders and the space intervening he has shared success and failure, but in all he has won his title of "king," and he is a king in the minds of many of the city to this day. He had the distinction of being the oldest player in the "Three-Eye" league, in point of continuous service. He came here with Bill Krieger in the days of the old Interstate. Managers came and went, but McGreevy, like Fenway's brook, went on; it seemed; forever. That he should retire in the middle of a season was an event that appeared incredible to the patrons of the game. Opinions vary as to the wisdom of his release, but none will deny that he has pitched hundreds of games that were marvels of the twirling art. He has been a past master as a pitcher, and while perhaps the associations of the team this season were not altogether as cordial as in the past, his work in numerous games this season demonstrated that his right arm still retained its cunning. Now it is all over. The players come and go, but the game goes on forever. The man who, in his time, has been supreme while on the ball field, and whose ears rang with the sweet music of applauding thousands, will see the game hereafter as a spectator only. For him the game has rung for the last time. There are new base ball heroes to adore. McGreevy, like Anson, Pfeiffer, Carroll, Radbourn and unnumbered others living and dead, who were the center of admiration, step aside for a new generation. It seems like cruel fate, and there is a world of pathos in the passing. "The king is dead; long live the king."

FUNERALS

BERGOW.

Funeral services over the remains of Mrs. C. E. Bergow were held at the family residence on South west street Sunday afternoon at 2:30 o'clock, in the presence of a large gathering of sorrowing relatives and friends. The services were in charge of Rev. W. H. Musgrove and a choir from Brooklyn church, consisting of Miss Della Davis, Miss Bertha Owen, W. E. Hall and Oliver Schofield, sang appropriate hymns.

There were many beautiful floral tokens which were in charge of Mrs. William Miller, Mrs. W. J. Brooks and Miss Lula Wood. A number of beautiful pieces were sent by friends in Peoria and Quincy.

After the services at the house the remains were conveyed to Jacksonville cemetery and were there laid to rest, the bearers being Harry Everett, Leslie Harvey, Edward Stice, Hermann Gelsicker, Henry Tondok and Edward Tonn. The honorary bearers were Misses Josephine Chambers, Nina Obermeyer, Beulah Estaque, Margaret Eimms, May Delaney and Gladie James.

Those from out of the city who attended the funeral were: Mr. and Mrs. Henry Kienger, Mrs. Diekhat and Mrs. Neelie, of Quincy; Mr. and Mrs. John Pass, of Springfield; and Mr. and Mrs. George Beckmann, of Disgah.

DUNCAN.

The funeral of the late Mrs. A. G. Duncan was conducted from the M. E. church at Franklin Sunday afternoon at 2 o'clock, Rev. M. L. Browning preaching the sermon, which was well received by the large audience in attendance. The sisters of Franklin Rebekah lodge, No. 103, I. O. O. F., then took charge and gave their funeral ceremony according to the ritual of that order, after which the remains were viewed by the large audience. The services at the cemetery were in charge of the local chapter, order of the Eastern Star. Special music had been arranged for the occasion. The grave was beautifully decorated with flowers sent by the various fraternal orders and friends, showing the high esteem in which the deceased was held by the hundreds who knew her.

The bearers were: George Harney, A. H. Wright, W. C. Woods, John R. Bonds, W. J. Wyatt and O. E. Tandy.

FIRTH.

Mrs. Elizabeth Loar, of this city, is in receipt of a telegram telling of the death by drowning at Peoria of Paul Firth, the 16-year-old son of Mr. and Mrs. Joseph J. Firth, of that city, on July 10.

The boy, in company with a number of companions, was swimming in the Illinois river near Peoria. One of the party, Samuel Craig, aged 12 years, was caught in the current and young Firth swam to his rescue. The drowning boy seized him around the neck and both were drowned. Both bodies were recovered within an hour after the catastrophe occurred.

Mrs. Firth formerly was Miss Salina Loar, of this city, and was well known by a number of Jacksonville people.

RICHARDSON.

Funeral services over the remains of Leslie Richardson were conducted from the family residence five miles west of the city at 2 o'clock Monday afternoon. Rev. C. F. Baker, assisted by Rev. J. L. Wylder, had charge of the impressive services.

The floral offerings were very beautiful and profuse and were cared for by Miss Estella Vasey, Miss Allie Vasey and Miss Mattie Stevenson. Excellent music was furnished by a selected choir.

The body was laid to rest in the family cemetery by the bearers, Edward Hills, Vincent Riley, Joseph Wilson, Frank W. Ranson, Fred Meggins and Albert Richardson.

FILKIN.

Richard Filkin passed away at Passavant hospital Sunday, July 17, at the age of 72 years.

Decedent was born in Malpas, Cheshire, England, Aug. 14, 1832. He was united in marriage in 1862 to Miss Elizabeth Burrows, who preceded him in death Feb. 22, 1890. In 1893 he was united to Mrs. Lydia Baker, who, with four children, survive him. They are as follows: Mrs. J. B. Leach, Mrs. George Ealy, Mrs. D. A. Cox and Charles Filkin.

Funeral services were held at Asbury church Monday afternoon at 8 o'clock in charge of Rev. Nathan English. The remains were laid to rest in Asbury cemetery, the bearers being James Devore, Samuel Butler, Josse Butler, Richard Butler, Thomas Young and John Robison. The floral tokens were in charge of Mrs. Roberts and Mrs. Jane Devore.

HOLT.

The 8-months-old child of Mr. and Mrs. J. W. Holt died at the family home four miles north of Alexander Saturday at 12 o'clock.

Funeral services were held at Arcadia Sunday.

CURED OF CHRONIC DIARRHOEA AFTER TEN YEARS OF SUFFERING.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by all leading druggists.

PROPOSALS FOR COAL.

Sealed proposals will be received by the trustees of the Illinois Central Hospital for the insane, up to noon, July 19, 1904, for furnishing all the bituminous coal to be used in said hospital from the first day of August, 1904, to the 30th day of June, 1905, inclusive. Proposals shall be for screened lump, washed slack and mine run. Said coal to be delivered in coal houses of said hospital at such time and in such quantities as may be required by the superintendent of said hospital. The coal to be inspected by said superintendent, weighed on the hospital scales, and such weights to be considered correct in making settlement. The right is reserved to the said superintendent to reject any coal that fails in his judgment to meet the requirements as to quality, and such rejected coal shall not be paid for.

Proposals must specify the price per ton (2,000 pounds); must be sealed and endorsed "Proposals for Coal," and directed to the superintendent of the hospital. Each bid must be accompanied by a certified check of \$100 as a guarantee that the contract will be accepted by the bidder if awarded. The successful bidder will be required to furnish a bond with approved securities in the sum of \$2,000 for the faithful performance of the contract.

The trustees reserve the right to reject any and all bids, and to advertise for bids at their option.

H. B. Carriel, M. D., Superintendent, Jacksonville, Ill., July 6, 1904.

PATENT MEDICINES.

A man that pounds or invents something that is just a little better than the next best thing, is certainly entitled to the best share of the profits to be derived from the sale of the article. So he patents or copyrights to protect his interests. Patented goods are good goods, poor goods are never patented. We have 20 years of trial behind us to give us the assurance that we have the best medicine compounded for the cure of dyspepsia, sick-headache, biliousness, indigestion and all stomach disorders. We protect the public as well as ourselves by keeping the formula a secret, as long as we make it we know it is made right and it cures these diseases. Druggists tell us that it is the one medicine that the sale is ever on the increase. To get the best remedy for dyspepsia or indigestion ask the druggists for Dr. Gunn's Improved Liver Pills, price 25c per box, only one for a dose. For sale by Lee P. Alcott.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain as long as possible one's youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair. The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness. Newbro's Hairdye is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpleide makes an elegant hair dressing as well as Dandruff cure. Accept no substitute—there is none. Sold by leading druggists. Send 10c in stamps for sample to The Herpleide Co., Detroit, Mich.

Don't Be Taken In.

All coal may look alike to you, but the burning of it will show that there's a big difference in quality.

"Ideal" coal is the best soft coal the world produces. It is perfectly uniform in quality. Every ounce contains exactly the same reliable heat-producing elements as every other ounce. It's free from foreign matter. Practically no clinkers whatever. Nothing but pure, concentrated heat and just a sprinkling of ashes.

To tell the truth, we did not blunder into "Ideal" coal by accident. We inspected and tested hundreds of kinds of coal before we found "Ideal." We wanted the BEST for our customers—and now we have it.

Fill your bin to the brim with "Ideal" coal right now. You'll not regret it. At present prices it's a gilt-edged investment. \$2.75 per ton, cash for July delivery. Order soon to day.

For County Surveyor, MANSELL DUDLEY.

Coming from so young a man, of course Chauncey Depew's advice to young men to keep out of politics will have great weight.

The supreme court has decided that guessing contests are illegal. Yet the officials of that symposium of conjecture called the weather bureau, still draw their salaries.

Look out all you wise guys for the woman who begins to cook tempting edibles to cater to your appetite. Your only safety is in putting your heart in cold storage.

The attendance at the St. Louis world's fair for the months of April, May and June foots up 3,213,923, being nearly 2,000,000 short of the attendance at the world's fair in Chicago for the same period.

It is queer what a burden working in the open air and sunshine is while the most vigorous play under like conditions is the greatest source of health. It seems to be another case of there's nothing good or ill in this world but the thinking makes it so.

Secretary Hay has ordered the words "United States" to be stricken from the seals of all our embassies and consulates. Henceforth we are to be known as "America." There are many "United States," a fact which leads, it is said, to a great deal of confusion in foreign countries.

In China physicians are paid for keeping their patients well, and in Germany locomotive engineers receive a gold medal and \$500 for every ten years of service without an accident. They do some things better abroad than they are done in this country.

The Baltimore & Ohio road is said to have lost \$100,000 a week by the interrupted movement of coal alone during the strike in the great lakes region. That the United States is as prosperous as it is with these constant attempts to check labor prosperity by strikes is one of the wonders of the times.

The number of islands which compose the Philippine archipelago is not less than 3,141. They are surrounded on the north and west by the China sea, on the east by the Pacific ocean and on the south by the Sea of Celebes. There are at least twenty well known and recent volcanic cones in the archipelago.

The difference between rising every morning at 6 and 8 in the course of forty years amounts to 20,200 hours, or three years, 191 days and sixteen hours, which are equal to eight hours a day for exactly ten years. So that rising at 6 will be the same as if ten years of life (a weighty consideration) were added, wherein we may command eight hours every day for the cultivation of our minds and the despatch of business.

PRISONER SHOTS DEPUTY.

Houston, Tex., July 18.—Seated in a buggy, Tim Wooten used a shotgun and then a Winchester rifle in a fierce duel at Corsicana with Constable Grantham, who used two six-shooters. Both of Grantham's hands were torn off, and he was mortally wounded.

O. W. McIssner, of St. Louis, was a visitor in the city yesterday.

CENTRAL ILLINOIS TOURNAMENT

WILL OPEN ON LOCAL GOLF LINKS TO DAY

Representatives are here from Eight Cities—Some Splendid Playing Expected—Reception at Club House Monday Evening—To Day's Program.

Golf is the all-absorbing topic of conversation in social circles these days and this morning will mark the formal opening of the central Illinois golf tournament. All was serene and pleasant in the practice rounds Monday afternoon, but to day hard luck stories will begin and will increase as the tournament progresses. All teams were in the city yesterday except Galesburg and the Knox county players are expected here this morning.

MONDAY EVENING.

Monday evening an informal reception and musicale was given, at the Country club in honor of the visitors. It proved to be a most delightful event and the musical program was heartily enjoyed.

Mrs. P. C. Thompson was also heard in a select reading, which was given a most excellent interpretation. The soloists were all received with much favor and they certainly contributed in large measure to the pleasure of the evening.

The program was as follows:

Nita Gitta DeKoven
R. M. Hockenbuhl.
Chanson Provencale Dell Acqua
Mrs. John R. Robertson.
Waltz song—Carmen Lane Wilson
Miss Bertha Anderson.
Selection (on costume)—Mrs. Hobbs-
biller's Troubles
Mrs. P. C. Thompson.
a. At Twilight Nevins
b. The Four Leaf Clover Brownell
Miss Mary Tanner.
Berceuse from Jocelyn Gounod
Miss Elizabeth Robertson.
Nymphs and Fawns Bemberg
Mrs. Sarajane Rice.

The accompanists during the evening were Miss Virginia Hockenbuhl, Mrs. M. O. Frampton, Miss Margaret Widenham, Miss Josephine Borden and Mrs. W. D. Roberts, and their services were also highly appreciated.

The club house had been artistically decorated and asparagus fern, flags and the names of the various golf clubs in the association emblazoned in striking colors made the interior of the club house look very attractive indeed.

The house committee arranged the decorations and the program of the evening was in charge of a special committee consisting of Miss Reon Osborne, O. L. Hill and R. M. Hockenbuhl.

TO DAY'S PROGRAM.

Play will commence promptly at 9 o'clock to day and the official scorers will be: President J. E. T. Rutter, Logan Coleman and Joseph Hubbell.

The players for to day's contest will be paired as follows:

Beadle, Galesburg; Mahaffey, Bloomington.

Bonnett, Bloomington; Herring, Quincy.
Soupleck, Jacksonville; Sanderson, Galesburg.

Pillsbury, Bloomington; Jack, Peoria.
Martin, Champaign; Baker, Quincy.

NOTES.

All entries for the individual contest must be made before 8 o'clock this evening.

The driving contest will take place at 5 o'clock this afternoon.

The links are very fast, but without exception the visitors declare it to be an easy course to play.

"Buzz" Chatterton played the best game in practice Monday, making the nine holes in 41. Bunn Hinkle negotiated the distance in 42. Both players are members of the Springfield team.

The best score reported by any of the local players yesterday was 43.

The record for the course is 40, held by Marcy Osborne.

F. F. and A. A. Schmalz and families spent Sunday in Springfield.

Charles Linn, of St. Louis, special agent of the rural free delivery service, was a visitor in the city Monday.

The musical concert under the auspices of Mrs. A. A. Franklin, will be repeated at Conservatory hall this evening.

Will Parrott, of Springfield, is visiting at the home of his mother for a few days. He drove from Springfield to this city.

Mrs. J. N. Gettys, of St. Louis, is expected in the city to day for a visit at the home of her mother, Mrs. Anna W. Parrott.

Miss Lydia Hatfield, of Kansas City, who has been visiting her brother, E. E. Hatfield, of this city, left Monday to visit relatives in Cincinnati.

Andrew Goodell, who is now engaged in the lumber business in Georgetown, S. C., is visiting for a month with friends and relatives here and in Chandlerville.

Mrs. James S. Davis and daughter, Miss Faith, of Washington, D. C., are guests of Mrs. J. H. Danekin and Mrs. John Vickery, sisters of Mrs. Davis.

W. H. Powell, of Lynnville, was the lucky person in the drawing for the eighth set of dishes awarded in the White Lily guessing contest, being conducted at the Brook mill. His number was 29.

All members of the Needle Work club are requested to meet at Mrs. P. F. Dealy's on South Kosciusko street Wednesday afternoon at 3 o'clock. Business of importance.

A silk flag will be presented to Co. L. at their hall on South Main street Wednesday night, previous to their departure for Springfield. Several prominent speakers will be present. Admission, 10 cents.

James Kennedy and M. Beicher have purchased a confectionery and bakery at Marseilles, Ill., of C. E. Huerman. Mr. Kennedy is well known here, where he formerly resided, and his many friends will wish the young man the greatest success in his business.

Awnings, tents and stack covers at Calky's. Tele-2051.

Y. M. C. A. NOTES.

The coolest place in the city during the heated season is the Y. M. C. A. swimming pool and every day it is filled with boys and during the evening hours many men are seen enjoying the privilege. Not for several years has the pool been so popular nor have there been so many anxious to learn how to swim.

The tennis tournament is now in progress and promises an exciting finish. Great interest is being manifested by all the contestants, also the number of spectators has increased to a large number daily.

The general secretary is completing arrangements for the world's fair trip to be taken by the boys and already a number have arranged to go. Any boy who is a member can go by paying his own expenses. The date will probably be the last week of July.

DIED FROM INJURY.

Cincinnati, July 18.—Mrs. Epling died to day from the effects of a blow on the head with an iron poker, delivered, it is claimed by the police, by Mrs. Casey, a neighbor, during a quarrel last week. Mrs. Casey was arrested.

LUXURIOUS ANIMALS

People who ought to know have decided long ago that Sponges are animals. Whether they are animals or vegetables, the fact remains that there is nothing more luxurious for bathing than a good sponge.

We have a fine stock of good, strong, well shaped, thirsty fellows that add greatly to the pleasure of a bath.

They are especially in demand at this season when hot weather is an added incentive to frequent bathing.

THE ROSEBUD DRAWING CONTEST

BONESTEEL IS THE STORM CENTER

Many Pilgrims From All Sections of the Country Are Drawn to Dakota—Vivid Description of a Visit to the Reservation.

The great center of interest in the northwest just at the present time is the Rosebud reservation and though registration offices have been established at Fairfax and Yankton for the opening of the new lands in South Dakota, yet Bonesteel, the third registration place, seems to be the great central point. Here by far the greatest number are going, and as the long trains leave Omaha along the Northwestern line the general cry is, "On to Bonesteel."

The Northwestern line is thoroughly equipped for the emergency which it finds now at hand, and though it has been found necessary to run their morning and evening trains both out of Omaha and out of Bonesteel in two sections, because of the immense throng that is going daily to the reservation, yet delays are reduced to a minimum and all trains are running close to schedule time.

Often the two sections consist of ten to twelve coaches. From every state in the union there are men, and also women, and the first greeting from a stranger usually is "How far did you come?" It is surprising the number of women who come in on each train, and all register at the land office.

It is about a day's ride from Omaha to Bonesteel, the morning trains leaving Omaha at 8 o'clock and arriving at Bonesteel at 6:30 the same evening.

On the arrival of each train great crowds gather at the depot to see the trains unload, however, several stations before Bonesteel is reached numerous agents representing the different firms who are furnishing accommodations and also making out registration papers, have boarded the train and proceed to talk up their particular firm, giving you any information you want to know. They all claim to have the only competent clerks to correctly make out the papers, and after one has heard about a dozen of these agents give warning regarding the swindlers, you are almost led to believe that they are all of the same stripe. The facts in the matter are that there is very little crooked work done and that all the notaries, and there must be 200 in Bonesteel, are all bona fide officials.

Before reaching Bonesteel one hears many discouraging reports about accommodations and the possibility of obtaining anything to eat at that place. But these reports are given out by citizens at Fairfax and Yankton, who are endeavoring to stop the crowds going to Bonesteel so that more will patronize the other points. But the citizens of Bonesteel have amply provided for the largest crowds. Large ware rooms have been filled with cots and many have builded rough frame buildings to be used temporarily for eating houses and lodging purposes. No extortionate prices are charged, but some who have temporarily located there, when they find an "easy mark," put up the price. Some have erected large tents in which have

been placed fifty or 100 beds and a police officer guards the tent during the night. The charges range from 25 to 50 cents per night, according to the accommodations, and many eating houses furnish plenty at the usual prices.

A large camp of Sioux Indians have established themselves near Bonesteel, bringing their entire camping outfit with them up from the Ponca creek district. This camp forms an interesting sight for those who are visiting there and many spend hours watching the last of the famous Sioux tribe in the home which will soon be thickly settled by the white men. All the living Indians have been granted allotments of 100 acres each and the government has allowed them to select their own land. They have taken the only timbered land in the reservation, that along the Ponca creek and other small creeks. The timber grows only along these creeks and they have chosen this land that they may have wood to burn without going for it. They are very lazy and never attempt work of any kind. The government issues them a quarterly allowance, which they manage to get along with. During the winter they seclude themselves in the deep gulches along the creeks, and during the summer move their entire camp up close to one of the "whitemen's towns" for they like to attract attention and are never more pleased than when white people continually remain about their camp watching them in their routine of camp life. They welcome the white man into their country, for he has money to spend and they are glad to part with anything they have for a piece of the "whiteman's silver." Although only a very few of them can speak English they all know the value of American money and insist on "bigger money" until they get what they want.

Many of the old warriors in the Sioux tribe are the genuine type, but there are many half breeds now among them and they lack that distinctive personality so characteristic of the full blood. The half breeds are very little more for work than did their ancestors, but the white men who marry Indian women and are known as "squaw men," are the holders of extensive land interests, for each member of the family into which he marries possesses 160 acres or more of land, and to each child born an allotment of 100 acres is given by the government. These "squaw men" are possessors of very large estates and since the Indian cares nothing for his land he gladly gives it over to him and also influences other members of the tribe to allow him the use of their land for grazing purposes. By this means a large acreage is obtained for grazing purposes and many cattle are shipped from this district.

Bonesteel is a typical western town just now. Formerly with a population of about 500 the preparations for the opening of the Rosebud lands brought many hundreds more and on the first registration day the population increased to about 2,000 more. The increase noted in the last figure might well be called a floating population, for they have come but to register and seldom remain longer than two days, many returning the same day.

It is typically western, for everything is "wide open," but an efficient police force affords ample safety to every citizen who will not allow his curiosity to lead him too far "down the pike." There are "midways" and gambling joints where can be found many notorious crooks, but their business is not operated in secluded places where the unwary might venture without knowing just what his

surrounding are; but the sign is as plain as a danger signal at sea and they can find trouble who steer straight for it.

The matter of registration takes but a few minutes. About 200 notary publics are only too anxious to do the work. A few questions are asked regarding previous land entries, the amount of land you now own and you are ready to get in line at the land office, which opens at 9 o'clock each morning. Eight clerks look after the registration and it takes about a minute to register each man. A great many not only come to register themselves, but under the provisions of the opening, old soldiers, either of the civil war or in the Spanish-American war, can register through an agent and many have with them properly signed papers allowing them to register the name of some soldier. After registration many go out to look over the reservation.

Farmers, Indians and livermen all have carriages, wagons or carryalls waiting and are eager to show you the great Rosebud country. The charges for a half-day drive ranges from \$1 to \$1.50, and all day, \$2 to \$2.50. A half-day drive takes you about five miles into the reservation and return. Trails can be followed in many directions, but so level is the reservation that for many miles you can drive across it in any direction. There is much rough land, however, and thousands of acres are fit for grazing purposes only.

The whole reservation is covered with a grass that is splendid feed for cattle and is cut as hay for winter purposes. John Tourchan, a French "squaw man," and owner of considerable land, has purchased an automobile—a Rambler touring car—and makes as many as ten trips a day across the reservation, carrying sight-seers ten miles into the Rosebud lands and back, charging them \$2 a trip, taking four people at a time. He experienced no trouble with his machine and the sight of an automobile speeding across the reservation, irrespective of trails or roadway, at about twenty-five miles an hour, excited much comment.

A sample of the Dakota weather was experienced by those who were at Bonesteel last Wednesday. A cyclone cloud, plainly visible at that point, passed over the reservation about thirty miles to the west. The funnel-shaped cloud was watched for nearly an hour in its terrible whirl across the prairie. For most of the time it retained a perfect funnel shape, but occasionally it would assume the size of a telephone pole and the lower end would rise from the earth to the clouds; but in a few minutes would again move down to the earth. Each time it lifted it would again drop to the earth, but when the storm ceased the whole funnel seemed to settle on the earth.

About an hour after the passing of this storm a hail storm broke on Bonesteel and for about half an hour some very large hailstones fell, ranging in size from a small marble to that of a plum, and many pieces of ice fell the size of a small chicken egg. During the hail storm the sun shone most of the time.

Jacksonville will be well represented at the Rosebud drawing, more than a dozen having gone to register. Among those who have been there during the past week were: Scott Green, John W. Bennett and E. J. Kumle. The drawing will begin on July 28 and continue until all the entries have been made. A person in order to hold his claim must establish his residence thereon within six months after the drawing and must reside seven months in each year for five years upon the land, cultivate the soil and make some improvements in the shape of buildings and fences.

The five years' residence on the land may be reduced to two years by paying the government in full at the end of the term. The total cost of the land will be \$4 per acre, and many residing in that territory say there are many of the farms worth \$30 an acre without any improvements.

WILL HOLD PICNIC.

At a meeting held at the Riggsdon M. E. church Monday evening it was decided to hold an all day burgoon and picnic in Allen's grove, one mile southeast of Riggsdon Aug. 11.

The affair will be given under the auspices of the M. E. church, the citizens of Riggsdon and vicinity. Committees were appointed at the meeting last night and those interested are very enthusiastic and predict a successful celebration.

THE PARK SERVICE.

The services in the park Sunday evening were attended by a great audience and much interest was manifested. Rev. A. L. T. Ewert gave an able address, a continuation of the subject presented the Sunday previous by Rev. Dr. Morey, "Christ and the Workingman."

Mr. Ewert spoke of the spiritual side of such a relation, taking such texts as "Thou shalt not live by bread alone," and "Render unto Caesar the things that are Caesar's." He showed that Christ, the carpenter, was the originator of the church and that the church had always been the friend of the workingman; that they ought to show their allegiance and fellowship to the church. The words were spoken in perfect sympathy with the hearers and created a deep and no doubt lasting impression.

DEATH RECORD

SEAVER.

Died, at her home, No. 343 East North street, Mrs. Celia Seaver, relict of Thomas Seaver, on Sunday afternoon, July 17, at 5:30 o'clock, after a lingering illness of four months. During all this time the deceased was full of Christian patience and fortitude. She believed that God's will be done, and no murmur ever escaped her lips, and when the crisis of her last day had come she was fully fortified with those holy sacraments of her religion that gave her hope in the mercy of a loving God, having received the holy sacrament of extreme unction and dying in full fellowship of the Holy Roman Catholic church, of which she was a quiet, unpretentious, but devout member.

The deceased was born in Youngblood prairie, this county, March 10, 1837, and was at her death 37 years old. She was the eldest daughter of Sampson and Althea Fanning, who in later years resided on "Pepper" hill, east of Murrayville, and who were respectable and thrifty farmers.

The deceased was married to Thomas Seaver Oct. 3, 1861. This union was blessed with seven children, six of whom survive to mourn the loss of a good mother and an example of womanly purity and a home woman. The children living are Margaret, Catherine, Agnes, James, Joseph and Nicholas—one son, Emmet, died some years ago.

The deceased managed the business of the farm with much success after the death of her husband in 1893, but failing health caused her to remove with her family to this city about six years ago.

The funeral will be conducted from the Church of Our Savior at 9 o'clock this morning.

RIECK.

Funeral services over the remains of Frederick Rieck were held Sunday afternoon at 2:30 o'clock at Salem Evangelical Lutheran church. The services were in charge of Rev. H. Hallerberg, who preached the sermon in both German and English. The congregation joined in appropriate hymns.

There were many beautiful floral offerings, which were in charge of Mrs. George Krenzow, Miss Anna Frank and Mrs. F. W. Rieck.

At the conclusion of the services at the church the remains were conveyed to Diamond Grove cemetery and were there laid to rest. The bearers were Charles Widmayer, Louis Pechloff, John Gorman, John Ehlert, B. Ohler and P. H. Shultz.

Mr. and Mrs. Charles Krenzow, of New Berlin; Joseph Rieck, of Pleasant Plains; John Rieck, of Beards-town; Mr. and Mrs. Allen Parker and Mrs. Muehlhausen, of Bluffs, and Miss Anna Frank, of New Berlin, were her to attend the funeral.

ARTERY OUT; CALLS PHYSICIANS

Mystery Surrounds Case—Will Osborne Knocks at Dr. Black's Office—Blood Streaming From Ugly Wound.

William Osborne, cut in the wrist and bleeding profusely from a severed artery, knocked at the office of Dr. Carl E. Black about 12:30 Tuesday morning; later was taken to Passavant hospital, and is now in the city prison.

Such is the paragraph history of a mystery that the police force have been working on since early this morning.

Walter Smith, who lives at Dr. Black's office, was awakened by a rap at the door at 12:30 this morning and upon going to the door found a man there who had the appearance of being heavily under the influence of liquor. He had been vomiting apparently and Smith shut the door and called the police. After he had sent in the call he again went to the door and this time discovered that the man he supposed was drunk was also bleeding profusely. He took him into the office with the person who accompanied him and telephoned for Dr. Black. In the meantime he tormented his arm and Dr. Black, knowing that it would be some time before he could get to the office, telephoned Dr. Campbell. Both physicians arrived in a very few moments and when they reached the office the police were also on hand.

Examination disclosed an ugly wound in the wrist of a jagged character. The radial artery had been severed and the man had suffered greatly from the loss of blood. He seemed to be in a drunken stupor and talked incoherently while the doctors were dressing his wound.

After a cursory examination it was decided to take the patient to Passavant hospital, where the artery could be ligatured. This was done and after the patient came out of the anesthetic he was taken in the patrol wagon to the city prison.

Captain Kennedy and the night police force went to work on the case at once. Investigation disclosed the fact that about 12 o'clock Patrolman Murgatroyd was informed by a porter of the Jefferson house that a man had recently passed by bleeding profusely. Blood stains were discovered on the sidewalk and by means of these a trail was found which when followed led back to the store on East Lafayette avenue kept by Mrs. Smith. Here the big glass in the one of the show windows was found to be broken and there were blood stains on the glass.

The above is the substance of the facts gleaned by the police at the hour of going to press. Osborne's companion, whose name is given as Bowns was also placed under arrest.

REV. SAM SMALL AT CENTENARY

Eloquent Sermons by the Noted Preacher and Lecturer Sunday Afternoon and Evening.

Sam Small, the famous preacher, teacher, lecturer and journalist, delivered two masterly addresses at Centenary church Sunday afternoon and evening. He was heard with profound attention and all who were so fortunate as to be present carried away many deep impressions made upon their minds by the eloquence and earnestness of the scholarly addresses.

Rev. Sam Small, formerly a co-worker with Sam P. Jones, was ordained a minister in the M. E. church in Colorado. After preaching for some time he was appointed to a chair in the faculty of the Methodist college in Utah, and later became college president. He gave up this work for the lecture platform and was very successful. He served in the Spanish-American war in Cuba with the rank of colonel, and at the close of that war was appointed a member of the Cuban commission by President McKinley. He afterward became editor of the Atlanta Constitution, but recently, under the advice of his physician, gave up that work and has since devoted his time to preaching "Civic Righteousness."

His subject Sunday afternoon he gave as "The Works of the Devil," but it might well have been called "The Origin, Personnel and Lines of Activity of the Devil." He gave the subject a masterly treatment, his sermon being entirely free from anything being erratic or radical, which some, doubtless, expected. The fact that the devil works along the lines of least resistance was shown with a great fund of illustrations and explanations.

In the evening the subject was: "Is Civilization a Failure? or America's Opportunity." He said that America as a nation now has her opportunity. Will she use it? All nations have had their opportunities, many, like Greece and Rome, have ignored it and have passed away. He gave the

danger points of national life, touching on infidelity—not the infidelity of disbelief, but infidelity in regard to things of the higher life; of the violation of the Lord's day; of our relations one to another, our greed for gain and such things, and of the evils of intemperance. He expanded on the latter point, showing the great expense, both of money and morals, that it costs the nation. For \$1 of revenue derived from the manufacture and sale of liquor appears an expenditure of \$22 on the other side of the account. He asserted that the south is far ahead of the north in the temperance movement.

The speaker continued for an hour and a half at each meeting, and was heard throughout with the greatest interest and enthusiasm.

ELKS DAY AT THE FAIR

Elaborate Program Arranged—Addresses at Temple of Fraternity—Gondola Festival and Launch Parade.

Notices of Elks' day at the world's fair have been received in this city. The day set is Tuesday, July 26, and an interesting program has been arranged for the occasion.

All Elks are requested to meet at the Elks' club room, 211 North Seventh street, Tuesday morning at 9 o'clock. From there they will take autos and trolley cars for the fair grounds. All are requested to wear straw hats with purple and white streamers. They will be met at the entrance to the grounds by 200 mounted Boer soldiers and escorted by them to the temple of fraternity, where addresses will be given, followed by a reception to grand lodge officers and visitors.

The pike concessionaires will give a parade, and "all Elks will be turned loose to graze in the pastures of the world's fair grounds" until 6 p. m., when a competitive drill will be held on the Plaza of St. Louis. A Venetian gondola festival and launch parade will be tendered the grand lodge officers and visitors at 9 o'clock p. m. on the cascade lagoons.

Among the names on the committee of arrangements are W. L. Trautmann, J. J. Faulkner and J. B. Messick.

HANNIBAL LOSES

BASE BALL GAME

Local Team Presented Changed Lineup Sunday—Final Score 6 to 2.

Jacksonville defeated the Hannibal base ball team Sunday afternoon in a snappy contest by a score of 6 to 2. Spectators numbering 400 braved the heat to witness the game.

The visitors were a fast bunch, but were unable to solve the riddles handed them by Norris, Welch and J. Monahan. Handled the ball in good style for the visitors. Killian, in the box for Hannibal, was a little rattled and was landed on for eight hits.

Jacksonville's lineup was considerably changed. Norris in the box pitched in his usual good form. Holman, a new man from Canton, Mo., held down first and felled his position in a splendid manner, but was very weak with the stick. Wagner covered second without an error. "Butch" handled the ball as in former days when he starred at short. Shanahan presided in left field.

Hannibal started out strong and startled the fans. Welch, first up, was hit, but was caught trying to steal. Mirtzer walked and Jessup followed with a sensational three-bagger over Livingston's head, scoring Mirtzer. This had the effect of making Norris cautious and the visitors never hit again for six straight innings. The visitors' next score came in the eighth on a double and a single.
